

American Heart Association BLS, ACLS & PALS REFRESHER COURSE

REGISTRATION FORM

Course Prerequisites: Students must have **current** BLS ACLS and PALS Provider cards to take these courses. Students must bring copies of their completed ACLS & PALS course self-assessments, precourse work certificates, and current BLS HCP, ACLS and PALS provider manual for use during the course. Students must also provide copies of their current provider cards to the instructor at the course. Materials will be collected and cards verified. Students must have a strong foundation of cardiac pharmacology and EKC interpretation.

PreCourse Links: Students can access the course self-assessments and precourse work through the following links:

ACLS Course Self Assessment and PreCourse Work:
<https://elearning.heart.org/course/424>

PALS Course Self Assessment and PreCourse Work:
<https://elearning.heart.org/course/426>

Cost: BLS, ACLS, PALS Refresher \$ 400.00

Required Texts: The American Heart Association mandates that each student have a copy of the **current** student provider manual for use before, during, and after the course (ACLS, PALS, & BLS). Students must bring the appropriate texts to class (print or digital version). Texts may be purchased from authorized AHA distributors: WorldPoint ECC, or ShopCPRheart.org Contact the office for information on purchasing texts.

CE/Contact Hours: 8 hours of CE/Contact hours are available for EMT's, Paramedics, & RNs. Physicians may turn in the course completion certificate for CME hours. Snowy River EMS Productions CE Provider # 60-0290. Snowy River EMS Productions is approved by the California Board of Registered Nursing Provider # CEP15433. **BLS Recertification:** 2.0 hours of CE/Contact hours are available for EMT's, Paramedics and physicians those who successfully complete the BLS Refresher course. *BLS Contact Hours are not available for RNs.*

Registration: Students may register online at www.sremps.com, calling the office 775-384-2248. For more information, please contact us 775-384-2248. Confirmation materials will be emailed, including directions to course locations.

ACLS Refresher Course Overview: This accelerated course is designed to provide students with the knowledge to assess and manage an adult cardiac arrest situation. Emphasis is placed on the importance of providing basic life support to patient survival, the integration of advanced life support into patient care, and the importance of teamwork in resuscitation efforts. Upon completion of this course, students will be able to recognize, manage, and treat a variety of cardiac arrest situations. Students will perform as a team leader during an adult cardiac arrest, recognize the patient's response to different therapeutic modalities, and adjust the course of treatment accordingly as defined by current guidelines

PALS Refresher Course Overview: This course is designed to provide students with the knowledge to efficiently and effectively recognize and treat critically ill pediatric patients. Emphasis is placed on the importance of providing basic life support into pediatric patient survival, the integration of advanced life support into pediatric patient care and the importance of teamwork in resuscitation efforts. Upon completion of this course, students will be able to recognize, treat and manage a variety of pediatric emergencies. Students will perform as a team leader during a pediatric arrest, recognize the patient's response to different therapeutic modalities, and adjust the course of treatment according to current guidelines.
